Please call 912.367.3007 Ext 310 OR 3011 for Freight Quote

Custom Sizes available to order

This is a brand new brake axle rated at 10000 lbs. Does have ELECTRIC brakes, already painted, with 30.5" Slipper springs. Has a 8x6.5" bolt pattern, other bolt patterns available!
Simply bolt on the tires and you're ready to go.

To measure the Hub Face: measure from one end of the axle where the lug bolts protrude out from to the other end at the same point. This is the Hub Face.

To measure the Spring Center: Measure from the middle of the spring center on one end to the spring center on the other end. There should be a/b 28" difference between the Hub Face and the Spring Center measurement.

We also have hydraulic brakes.

All Freight quotes are considered to a Business/Commercial Address or Nearest

**Terminal to the provided zip/postal code.
Freight Residential Delivery is available at an additional cost.**
