Static Capacity: 2500 lbs

Side Mount with Brackets

Bolt on

Side Wind

**The Ultimate Trailer Jack** was designed for the ultimate convenience, speed, and simplicity. Just pull the easy-to-access release pin to drop the entire jack tube down for quick adjustments. Even better, there is no longer any need for space fillers with this jack, so put away the drop leg, blocks, and bricks! With this jack,

setting up your trailer at your destination has never been breezier.

The jack features an outer tube that extends to provide extra lift. Pulling the release pin and dropping the outer tube gives you up to 12" of lift, ensuring a solid foundation with the ground. The easy grip top wind handle allows for an additional 15.5" of travel by cranking the jack. Keep setting your worries aside with the Ultimate Trailer Jack because its compact profile keeps the jack flush with the trailer frame when it's retracted. You no longer have to worry about catching your jack on uneven terrain while you tow.

The Ultimate Trailer Jack is easy-to-use, quick, and dependable. If you're looking to spend less time setting up your trailer and more time doing the things that make you happy, then the Ultimate Trailer Jack is for you.
