Product Description

BLACK SOLID STEEL HD Dual Lock Pack

SKU: 86-00-4225

Availability: In Stock

SSBM series HD dual lock pack is a faster, easier, and better way to securely lock both the ball holder to the drop bar and the drop bar in the receiver.

The new HD Dual Lock Pack is specially designed for the Flash™ SSBM HD™ ball mount. The lock is a barrel style lock, making it nearly impossible to pick or drill - keeping your E series HD ball mount secure. The locks fit both 2" and 2 ½" receivers, includes a dust cap to keep the weather out, and is made out of hardened steel, making it the toughest lock around!

- SKU: E-Series
- Availability: In Stock

42-00-2400

4" Drop / 5" Rise fits 2" x 2" Receivers

Fastway® Flash™ E series ball mounts give you lightning-quick adjustments and stunning good looks. Each Flash ball mount is precision-machined in the Mountain West, making it stronger and longer lasting than other aluminum ball mounts. If you are looking for a strong, reliable and attractive pin-style ball mount, look no further. The Fastway Flash E series ball mount is superior in strength and craftsmanship, and its hand polished aluminum outshines the competition with a gorgeous, mirror finish.

From stunning good looks to fast and easy adjustments, you'll be amazed every time you use it.

FLASH™ E Series HD Ball Mount

- SKU: 42-00-2625
- Availability: In Stock

NEW! AVAILABLE NOW!

The E series HD™ is gorgeous, surprisingly light, and built to tow your heaviest trailers. In fact, the E series HD has been rated at 1,800 lb. max tongue wt. and 18,000 lb. max trailer wt, making it the strongest aluminum ball mount on the market. Made from a solid piece of aircraft-grade aluminum, the HD won't rust, and commands attention with its hand polished, mirror finish. If you are looking for a heavy duty ball mount to fit your 2½" receiver, look no further; you will not find a stronger, higher quality ball mount than the E series HD.
